

CHARTREUX

The Chartreux is a sturdy French breed coveted since antiquity for its hunting prowess and its dense, water repellent fur. Its husky, robust type is sometimes termed as primitive, neither cobby nor classic. Though amply built, they are extremely supple and agile. The qualities of strength, intelligence and amenability have enabled this breed to survive for centuries. Mature males weigh from 4.5 to 6.4 kg (10 – 14 pound) whereas mature females weigh from 2.7 to 4.1 kg (6 – 9 pounds).
