HOW CATS COMPETE

KITTEN CLASS

The Kitten Class is for pedigreed kittens, four months to one day under eight months of age.

CHAMPIONSHIP CLASS

The Championship Class is for pedigreed cats eight months of age and older. These cats are not neutered or spayed. Cats entered in the Championship class would compete in one of the following categories within each breed:

OPEN — Cats which have not completed the requirements for a Champion title (successfully competed in 4 qualifying rings). For judging purposes the cat would be considered a Champion.

CHAMPION — Cats which have successfully competed in four qualifying rings and claimed the title.

GRAND CHAMPION — Champions which have achieved enough points by defeating 150 Champions, plus one final placement in the top five.

PREMIERSHIP CLASS

The Premiership Class is for pedigreed cats eight months of age and older. These cats are neutered or spayed (often referred to as Alters). Cats entered in the Premiership class would compete in one of the following categories within each breed:

OPEN — Cats which have not completed the requirements for a Premier title (successfully competed in 4 qualifying rings). For judging purposes the cat would be considered a Premier.

PREMIER — Cats which have successfully competed in four qualifying rings and claimed the title.

GRAND PREMIER — Premiers which have achieved enough points by defeating 75 Premiers, plus one final placement in the top five.

HOUSEHOLD PET CLASS

The Household Pet class is for non-pedigreed cats and pedigreed cats which possess faults that preclude them from being competitive in the other pedigreed classes. Household Pets over the age of 6 months **MUST** be neutered or spayed, but many not be declawed. Cats/kittens entered in the Household Pets class would compete in one of the following categories:

HHP — Cats which have not completed the requirements for a Companion title (successfully competed in 4 qualifying rings) or claimed their title. For judging purposes the cat would be considered a Companion.

COMPANION — Cats which have successfully competed in four qualifying rings and claimed the title.

GRAND COMPANION — Companions which have achieved enough points by defeating 75 Companions, plus one final placement in the top five.

FINAL CHOICES

After all the cats in a class (Kitten, Championship, Premiership, Household Pet) have been judged and awarded ribbons within their own breed or group, the judge will present the Final Awards.

ALLBREED FINALS

The judge will award a final position to the 10 Best cats, kittens, alters, and household pets from the combined longhair and shorthair classes. Or best 15 entries if 60 or more cats are entered: 40 or more kittens / alters / household pets are entered.

SPECIALTY FINALS

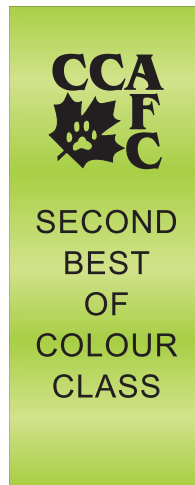

Although all the cats compete within their breed class in a Specialty Ring — the same as in an Allbreed Ring — when it comes to the final awards the judge will award a final position to the cats, kittens, alters, and household pets they feel are the best in the Longhair division **AND** the Shorthair division. The placements from Best through to 10th Best are awarded in **EACH** hair length. Or best 15 entries if 60 or more cats / kittens are entered, 40 or more alters / household pets are entered.

HOUSEHOLD PET JUDGING

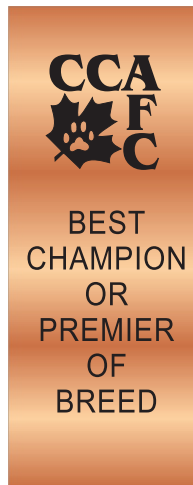

Household Pets are judged on health, condition, colour or markings, and personality..
